

Top 10 Free iPhone/iPad Apps that every Real Estate Agent Needs Brought to you by your Friends at **A Better Home Inspection**

App	Description	App	Description
 Photosynth (FREE)	Take Panoramic Pictures of Houses, Rooms, Yards, etc. in seconds without all of the hassle of big cameras, shiny ball, or panoramic lenses. This app stitches together your photos on the fly for instant use on websites, flyers or even facebook.	 GasBuddy (FREE)	No account necessary. This app allows you to find the cheapest gas around. Sort by distance, fuel grade and price. Also search a particular address and see what gas stations are near your office or home. You can also view the gas stations on a map to see which one is on the way.
 Realtor.com (FREE)	Look at local home values and homes that are for sale. Updates every 15 minutes. Not as up to date as the MLS but a very useful tool for you and your buyers to look at to get a quick idea of comps in the area.	 Evernote (FREE)	Keep track of your to-do lists, notes, pictures, videos, and sound recordings. Access any of your "notes" from any web-enabled mobile device or computer. Sign up for a free Evernote account and have all of your notes at your fingertips no matter where you are.
 Find iPhone (FREE)	Find your lost iPhone or iPad. Send a message, make a noise, lock your device, or even wipe your device if you know you won't be able to get it back. (Also keep track of kids and employees 😊)	 Quick Voice (FREE)	Record conversations, notes, music, strange noises. Recording your conversations is a great way of keeping a record of what was said and making sure people are not saying you said something that you didn't. Will continue to record while using other apps. Also will email short recordings.
 DocuSign (FREE)	Log in to your docusign account SEND documents for signature, TRACK the status of your documents in real time, CHART your performance, and SIGN any document sent to you for signature through DocuSign.
